Local News Items

A post-humous town must have progressive people—Wetaskiwin has 'em. There are now three cases of typhoid in the hospital, two of which are from the country.

D. McManus, of Edmonton spent the week-end with his parents, Mr. and Mrs. John McManus.

The very latest style in sewing machines is weathered oak. You will want one when you see them at J.H. Robinson's store.

Go to The Wetaskiwin Hardware Co. and get outstayed for the opening of the shooting season. They have the best ammunition on the market.

The Rev. D. M. Buchanan, B. A., of Jarvis, Ont., will conduct the services in the Presbyterian church on Sabbath next, 21st. You are cordially invited to come and hear him.

Alban Barbour, of Millet, who was operated on for a very bad attack of appendicitis at the hospital here, has made an excellent recovery and left for his home near Millet today quite recovered.

The Times has learned that the roadbed from Wetaskiwin to Wainwright is rapidly being put into shape for a fast through service. It is expected that the service will be put on early in September.

Medames H. J. Montgomery and T. C. Bowditch and family, who have been camping at Pison Lake, returned to the city on Monday evening. Mrs. Dr. Walker returned on Wednesday of last week.

Shells! Shells! Winchester Leader, Winchester Repeater, M. C. Prince of Wales, Sovereign, and Eley. Guaranteed satisfaction as to quality and price. Let us supply your requirements. Geo. D. Wallace.

Mr. and Mrs. H. J. Higgins and daughter left this morning on an extended trip East. They will visit Mr. Higgins' old home in Prince Edward Island, and several of the eastern Canadian and American cities before they return.

The public schools in the city open on Wednesday of next week, August 24th. The high school opens on Monday, August 22nd. It is desired that all students and pupils be present the first day. Thereby greatly facilitating the arranging of the classes.

Mrs. John West and Mr. J. Sackville West, and Miss Hope West left on their extended tour on Wednesday of last week.

Early, where Miss West will continue her musical studies under the instruction of eminent teachers. A host of their friends were at the station to bid them God speed.

Very interesting and exciting times have been experienced at the meetings of the Court of Revision held during the past week. Many of the citizens have had their assessment reduced while the citizens' committee have been instrumental in having several of the assessments increased.

Another adjourned meeting of the Court will be held to-morrow (Friday) at 10 o'clock.

Messrs. Jas. Lake, V. A. Howard, W. Howard and Chas. Durkin, who left a couple of months ago on a prospecting trip through the Peace River country, returned home on Monday. In many ways they had a most enjoyable outing, with many amusing and unique experiences, but they all claim that they are now satisfied to reside here, as they are not desirous of again pioneering it in a new district.

At a meeting of the Citizens' Association, held on Wednesday afternoon a committee was appointed to confer with the Agricultural Society to devise ways and means, if possible, for the exhibit of products, etc., from the different U.F.A. districts.

It has been suggested that 12 booths be erected to accommodate these exhibits, and that the Union showing the best exhibit be given a prize of at least \$25.

J. A. Grant who has the contract to drill the 5,000 foot gas well in the city returned from Edmonton on Wednesday morning, where he purchased another drilling outfit from the city of Edmonton. This will arrive here in the course of a day or so, when the work on the well will be rushed with all possible speed.

Mr. Grant says that he is convinced that underlying the gas fields of Alberta there is a vast field of oil and that it is vital necessary to drill deep enough to obtain it. None of the wells he drilled at Medicine Hat went as deep as 5000 feet, therefore it is thought possible that oil might be struck.

A meeting of the Citizens' Committee was held in O'Brien & Kelley's office on Wednesday afternoon to wind up the business in connection with the trip to Lethbridge. It was reported that the Wetaskiwin band was considered the best in the competition, although the judge could not see it that way. Many of the people would hardly believe that the exhibits were grown in this community, but were taken either from the irrigated district, or else were grown in a hot house on the occasion. There is charge were shown every court day, and the exhibit was placed in a conspicuous place on the grounds. It was the opinion of everyone who went south with the exhibit that much good was accomplished, and that many prospective settlers will visit this section as a result of the trip.

CIVIC HOLIDAY

Tuesday of next week, August 23, has been proclaimed Civic Holiday by His Worship, Mayor of Wetaskiwin, and as a consequence all places of business in the city will be closed. The public is requested to bear this in mind.

Spare the fappers: on Tuesday 23rd, Miss Crough, assistant postmistress spent Sunday at her home in Leduc. W. J. Liddle returned on Monday night from the coast, where he spent a couple of weeks with friends.

Mr. and Mrs. C. L. Gothard spent the week-end with friends at the Capital, returning Monday morning.

Miss Manson has accepted a situation in the office of the Wetaskiwin Pump Works as stenographer and bookkeeper.

Miss Gladys West, of Innisfail, who has been a guest at the home of Mrs. John West returned home on Tuesday.

Mrs. R. C. Bauer and son Warner, of Vermilion, S. Dak., arrived in the city on Wednesday evening to spend a few days with friends.

Among those who are sight-seeing at the coast are Messrs. A. G. Gross and John Berry, of Wetaskiwin. They left on Monday evening.

A game of basket ball is being played at Diamond Park to-day (Thursday) between the Ponoka team and the home team.

Miss Lucy Knight, who has been spending a couple of weeks with friends at Bassif, returned home on Monday.

Miss Heathcote, returned from her vacation trip to the coast last week, has resumed her position as stenographer in the office of E. D. H. Wilkins.

A. W. Keith, formerly principal of the Alexandra school, has been spending a few days in the city shaking hands with friends.

Mrs. Huckell and family left for Vancouver on Monday evening, where they will reside in future. A large number of their friends were at the depot to bid them farewell.

Tuesday next is the opening of the duck shooting season, and already a number of the sports of the city have made arrangements to spend the day in quest of game.

Ward and Dr. Marjorie Ward, of Redwood, Ont., who are the guests at the home of Mr. and Mrs. Jay Ward, left for the city on Monday.

Sgt. Phillips, who has been on furlough for the past month, returned to his duties here on Monday night. He spent the time with friends in different parts of Uncle Sam's domain.

Mr. and Mrs. W. C. Coupland left on Monday last for Bassif, where they will try the hot sulphur baths as a cure for rheumatism. They have been afflicted for some time.

A meeting of the License Commissioners was held in the city on Monday, to consider two applications for a wholesale license at Caistor. The applicants were J. C. Donaldson and Andre Guitout. As the Commissioners did not consider Caistor sufficiently advanced for a wholesale license, they declined to recommend either of the applications.

WETASKIWIN FALL FAIR
We would again remind our readers that the Wetaskiwin fair will be held this year on Tuesday and Wednesday, Sept. 27th and 28th, and judging by the preparations that are being made by those in charge, it will be by a long way the best exhibition ever held here.

We have the stock, grains and grass, vegetables, etc., this year, and therefore should have one of the finest fairs in the province. All that is required is for every man and woman to do his and her part. Now is the time to act and to act with determination. The prize list this year has been entirely revised, and a number of new features have been added to the events.

The list has been gone over very carefully and a number of important changes made, which should add materially in increasing the interest. The changes made have been, with a view of not merely holding the fair this year, but with the idea of permanency and a stepping stone to even better things. The directors do not claim their list to be ideal, but have made as much improvement as they felt to be possible in one year. Show your appreciation of their effort by entering in as many classes and sections as you possibly can.

It is now up to you farmers, to select your best live stock and products of the soil and get them in the best shape you can for comparison with those your neighbor will bring to the Wetaskiwin Fair, on Tuesday and Wednesday, September 27th and 28th.

All classes win first prizes, but may profit by the comparison and in many other ways and have the satisfaction of knowing that you have helped to make the fair a success.

When you have secured your membership and made your entries, then go after someone else and see that he does likewise.

Edison Phonograph
Lots of people are prejudiced against a Talking Machine because they never heard anything but what produces a harsh grating sound. To those we say, come in and let us play the Edison for you and you will get that idea nixed out of your head that Talking Machines are our splitting.

We have just received a shipment of new Machines and a large lot of new Records. Come and hear them, it's a pleasure to play them and we are certain it will be a pleasure for you to listen.

EVERYONE SEEMS TO BE TAKING "FRUIT-A-TIVES" Demand Always Increasing

Because "Fruit-a-tives" Cures

The real value of any article may be judged by the demand for it. Steadily increasing sales are the surest indication of intrinsic merit. This applies to a medicine as well as to a breakfast food. First introduced to the public in Ottawa, the fame of "Fruit-a-tives" quickly spread until to-day these fruit juice tablets are known and used in every section of the Dominion. The only reason for this extraordinary demand is that "Fruit-a-tives" is the only medicine in the world made of fruit, and is the only remedy that will positively cure Constipation, Biliousness, Indigestion, Dyspepsia, Backache, Headache, Neuralgia, Rheumatism, Bladder and Kidney Troubles. One has only to read the testimonials given to "Fruit-a-tives" by some of the best known and most highly esteemed people of Canada, to appreciate the wonderful amount of good that this grand fruit medicine has done and is doing for the sick and suffering.

At dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

BAND CONCERT

The Wetaskiwin Citizens Band will give another of their excellent open air concerts at the Alexandra school grounds on Thursday evening, Aug. 25th, when the following programme will be rendered.

- 1.-March - L'Ettoile, by A.W. Hughes.
- 2.-Meadley Waltz-Smarty, by Albert Voutzler.
- 3.-March and Two Step-Uncle Sam's, by Harry C. Bauer.
- 4.-Flag and Two Step-Cotton Bales, by Percy Wenkisch.
- 5.-Waltz-When the Daisy Bloom, by Anita Owen.
- 6.-March and Two Step-Put on Your Old Grey Bonnet, by Percy Wenkisch.
- 7.-Meadley March and Two Step-Down in Jungle Town, by Theo. Morse.
- 8.-Serenade-Starlit Night, by Laur. Odou.
- 9.-March - Lieutenant Stantelmans by Rosenkrens.

God Save The King.

LACOMBE PRESBYTERY

This court met in the Presbyterian church Tuesday night, Rev. White, D. D., Lacombe, moderator. The only matter of public interest was the resignation of Rev. A. D. Archibald, D. A. P. P. The resignation was respectfully accepted. The best wishes of the members are expressed for Mr. Archibald in his new field of labor.

Rev. T. Smith was granted power to moderate in a call to Wetaskiwin congregation when they are prepared to fill the vacancy. Next meeting was appointed to be held in Ponoka, on September 7th, at two o'clock.

WETASKIWIN BRANCH CANADIAN BIBLE SOCIETY

The members of the Executive Committee of the Canadian Bible Society are requested to meet next Sunday, Aug. 21st at 4 p.m., at the Methodist church. It is hoped every member will see that if he cannot attend he will send a substitute.

JAS. BRADLEY, Secretary.

For the Edmonton Industrial Exhibition, August 23 to 26, 1910, the Canadian Pacific Railway Company will have in effect special fares.

There will be no issue of new coinage bearing the effigy of King George until January. The mint will continue to stamp the coinage with the present dies. The new dies are being designed in England and Canada and Britain are expected to have the first coins of the new reign simultaneously.

Preliminary reports indicate that the survey of the Saskatchewan River, with a view of establishing navigation from Edmonton to Winnipeg, is making satisfactory progress. It is estimated that the necessary work can be done for about \$15,000,000, exclusive of the locks necessary to overcome the Grand Falls. If reports are completed in time, a preliminary appropriation is expected at next session of the Dominion parliament.

One hundred and four horses have disappeared from the ranch of Mr. James Trumble, at Fox Coulee, Alberta, and the mounted police have been notified. The loss was not discovered until a week ago, when a round-up was made, although Mr. Trumble was under contract to supply 500 horses to Mr. George, of Vermilion, and in May he delivered a herd of 323. The remainder were taken on the ranch, and the round-up of a week ago disclosed the theft.

Thomas Beattie Stevenson, the well known dentist and president of the Liberal Association, Wetaskiwin has heard so much about our beautiful crops that he paid the town a visit on Sunday, and drove out in the country a distance, and expressed himself simply charmed with conditions. We may add that the doctor was the chief "spell-binder" at the Laurier reception in Wetaskiwin, on Wednesday, and received congratulations from the distinguished guests on his oratorical powers. The doctor practised here some four years ago.—Ponoka Herald.

City Council

The regular meeting of the City Council was held on Tuesday evening at 7:30 with all present except Ald. Wagner and MacEachern.

Minutes of last meeting read and adopted.

Correspondence
From Canada General Electric Co., Higgs-Angus-That letter be referred to light committee.

From Dr. L. Irving, provincial health officer re application, Higgs-Ellis-That this offer be written to stating that permission has already been given verbally, to install this system, but the authority was wanted in writing. Carried.

From John Galt & Co., re gratuity for monthlies being low, Higgs-Angus-That Mr. Crane have same attended to. Carried.
From G. McManus that C.P.R. would lease a right of way for \$50 an annum. Olin-Higgs-That letter be referred to Board of Trade. Carried.

From E. J. Frazee, secretary U.P.A. re delegate to Vancouver on August 17 and 18 and the endorsement of certain resolutions. Angus-Higgs-That letter be referred to Board of Trade. Carried.

Olin-Ellis-That Ald. Higgs be delegate to attend the convention of the Union of Canadian Municipalities at Toronto, on Aug. 31st September 1 and 2. Carried.

From L. T. Miquelon, inspector of noxious weeds giving ten days notice in which to have all weeds in the city cut. Angus-Ellis-That clerk write the Department of Agriculture to ascertain if city is empowered to charge the expense of cutting weeds on private property to property owners. Carried.

Higgs-Ellis-That Mr. Crane be authorized to see Mr. Scott and offer him \$10 a day for use of his mixer, he to supply a man to run machine and gasoline. Carried.
Olin-Ellis-That city purchase lot of electric light fixtures recommended by light committee amounting to \$227. Carried.

Reports of Committee
Ald. Angus reported that insurance had been placed on electric pumping plant.

Ald. Higgs reported that he did not deem it advisable to have public statistics as recommended by the Medical Health Officer. Angus-Ellis-That the report be adopted. Carried.
The question of spur track was then considered at some length, but no definite action was taken.

M. M. Angus brought up the matter of opening McDonald street north of its junction with the city street, seconded by Ald. Angus, seconded by Ald. Ellis, that public works committee be instructed to open out McDonald street on the north, also to repair Railway street, north of power house. Carried.

The following accounts were then passed for payment: Electric light \$105.54; general \$235.31; waterworks and sewerage \$1783.79.

A. The mounting shooting galleries was referred to the solicitor to draft a by-law on motion of Angus-Ellis. By-law No. 176 provided for raising of \$800 for the construction of cement sidewalks in the city, was read the necessary three times and finally passed.

Meeting adjourned.
McPHEE'S TRAINED DOG AND PONY SHOW

Man's two most faithful friends and the friends that some of them abuse the most are dogs and horses. Authorities have been generous enough to admit that they possess a sense that borders on the intellect of man and this sense they have evolved instinct. They will not give either credit of possessing brains, but there are times when they exhibit more sense than do some that have been credited with having an abundance of the gray matter. This is true with the horses and dogs that are with the Downie World's Best Dog and Pony Show, World of Wonders and Trained Animal Exhibition, which will be here Saturday, August 27th. Training is hardly a bettering term for the intelligence of these animals. In fact they are not trained. They are educated. These wonderful canines and equines furnish a performance in which all the acts, usually seen with the largest circuses and performed by the trained whips and gentlemen artists, are duplicated and with a vim and willingness that is wonderful when the sagacity of these little creatures is considered. There is not that loss of spirit with these brutes that is conspicuous when the whip has been made the power to train. The animals with this show have not been taught by fear, but by kindness. They love to show just how well they have been learned, as do the men and women who have taught them. Dogs, ponies, goats, elephants and even the maligned tabby are all scholars at the same school and the school will be in session when the show comes to town. This show must not be confused with the other inferior ones that have been perambulating this territory. The press of the country is unanimous in declaring it to be the very best that was organized and it comes here with the strongest of endorsements. Two performances will be given and these will be given by a grand street parade at 12:30 noon. This parade is worth travelling many miles to see and from it an idea may be had of the immense merit that will be in the vicinity this year.

Prof. DeGosson, the world's greatest flying machine expert, will give a series of lectures at the same school and the school will be in session when the show comes to town. This show must not be confused with the other inferior ones that have been perambulating this territory. The press of the country is unanimous in declaring it to be the very best that was organized and it comes here with the strongest of endorsements. Two performances will be given and these will be given by a grand street parade at 12:30 noon. This parade is worth travelling many miles to see and from it an idea may be had of the immense merit that will be in the vicinity this year.

FOR MEN ONLY

We wish to establish a demand for our High Grade Tailorings in Wetaskiwin and vicinity. We want men who wish to wear the very best in custom-made clothes. We want men to examine the largest and most complete stock of woollens in Western Canada. We want men to be measured and fitted individually by the best and most conscientious of successful tailors.

Free Trip to Edmonton and Return

We offer this to all men from Wetaskiwin and nearby places who will call on us and select from our stock any pattern to be built to their measurement. We are the tailors who destroyed Edmonton's prejudice for Eastern tailoring. We uniform the police, have large custom in military circles, and cater to the most Fastidious dressers in the city.

Our Success is in Our Motto.

ALBERTA FARMERS WAIT ON PREMIER

Red Deer, Alta., Aug. 10.—The official statement of the United Farmers of Alberta was presented to Sir Wilfrid Laurier at Red Deer this afternoon. Five lengthy papers were read and the statements all showed signs of great care in preparation. The final presentation was made by the president of the association, James Doves, of Red Deer, who dealt with the amendments desired in the railway bill so that farmers would receive compensation from railway companies for stock killed through the negligence of the companies.

SUFFERED THREE YEARS

7111 Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. P. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. I tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife and a few others. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. See a box at your druggist's.

PLUMBING and HEATING

Have you decided to put in an up-to-date PLUMBING SYSTEM? I have engaged a competent, practical Plumber and am prepared to handle any job in that line. No job too large or none too small. Every farmer should take an interest in this corporation as it will be to your advantage in every way.

D. E. Humble, Manager

ALBERTA FARMERS WAIT ON PREMIER

Red Deer, Alta., Aug. 10.—The official statement of the United Farmers of Alberta was presented to Sir Wilfrid Laurier at Red Deer this afternoon. Five lengthy papers were read and the statements all showed signs of great care in preparation. The final presentation was made by the president of the association, James Doves, of Red Deer, who dealt with the amendments desired in the railway bill so that farmers would receive compensation from railway companies for stock killed through the negligence of the companies.

The meeting was held in the open and Sir Wilfrid appeared somewhat fatigued as a result of being exposed to the fierce rays of the afternoon sun. He promised the farmers that he would deal with their requests to-morrow.

Farmers Present Case

James Speakman, of Penhold, made the statement to the premier with reference to the tariff and was followed by D. W. Warner, of Clover Bar, on the chilled meat question. Mr. Warner said that the farmers of the district had been urged to continue mixed farming, to adopt scientific methods. This urging had come from the government. The farmers had come to the conclusion that the introduction of the government in the matter of chilled meat plants was essential to the carrying out of the plans of the government regarding scientific farming. Without a government plant it was impossible to expect that the farmers would continue to raise cattle. At the present time the money which the farmers of the province had hoped to receive for the maintenance of their families was going to swell the fortunes of the American millionaire packers. These men were the foster-children of the abolition of western Canada.

Farmers Lose Money

W. J. Tregealla, of Calgary, speaking on the elevator question, said that in one year the farmers of the West lost enough money under the present system of grain elevators to purchase all the elevators at the head of the lakes. The farmers of the province of Alberta were looking with some 82 eyes to the Pacific coast, which was the natural outlet for their products, and urged that the government build and operate elevators there. Vancouver was only seven hundred miles away.

R. J. Frazer, of Innisfail, pressed for the passage of the co-operation bill.

Mr. Warner added that the district about Lipa was almost perfect for mixed farming, but that conditions were so bad in the meat trade that many of the men who knew the country best were discussing the question of going wholly into grain growing. This year the grain crops were very poor, but even at that there was more hope in grain growing than in raising cattle.

THIS EDMONTON EXHIBITION

The attention of our readers is directed to the announcement of the Edmonton Exhibition which appears in our advertising columns.

The exhibition opens on August 13th, continuing four days, and preparations are now complete for the accommodation of the greatest exhibit of stock ever held in Alberta.

Among the buildings completed or under construction are: 6 cattle stables, each 150 feet long; 2 hog stables over 100 feet long; 9 show horse stables each over 100 feet long; 4 race stables; dog and poultry buildings, horticultural and dairy buildings, fire hall, police station, secretary's office superintendent's cottage, dining hall, etc., besides feed stores, paddock shed and numerous other buildings including the immense grand stand 300 feet long and 70 feet wide which will seat 6000 people.

Throughout this year is the best ever offered by the Association. In the classes of live stock alone over \$10,000 will be distributed in prizes. Special rates prevail on all railways, all exhibits being returned free to the point of shipment provided they have not changed ownership. On carload lots arriving over the Canadian Pacific Railway, the Exhibition Association will refund to the shippers the amount paid for switching charges from Strathcona Grounds, and return with such inducements to exhibit, as these, it is no wonder that the Association is prepared for a larger entry list than ever before.

The race programme has also come in for its share of attention and a bout \$7,500 has been hung out in purses. In addition to the races a splendid programme of vaudeville has been secured which will be given between the heats of each day's racing and also in the evening of each day when there will be more racing and a grand display of fireworks. On the midway will be found the Barnes 3 ring wild animal circus comprising over 200 trained animals, besides numerous other features full of interest and entertainment.

The exhibit of grain and grasses which is being gathered specially for this exhibition will be alone worth a visit to see.

A regular freight service on the C.
N. R. between Vegreville and Stettin
is expected by Sept. 1st, when the C.
N. R. will take over the road from
the construction company.

On Tuesday, a special car from We-
taskiwin, which carried samples of
grain, vegetables, etc., as well as the
Wetaskiwin band, passed through Oids
on the way to Lethbridge fair. This
is a good advertisement for the north
town.—Oids Gazette.

Mr. and Mrs. James Ellis and family
made a short visit at the home of
H. Page also at W. W. Sharpe's this
week. The Ellis' and Page's spent
Sunday at Buffalo Lake. Mr. Ellis
is of the firm of Ellis Bros., Whole-
sale Produce Co., at Wetaskiwin.—
Stettin Independent.

Mrs. A. T. Boardman, who has
been a resident of Oids for several
years, left on Thursday, with her
family, for Wetaskiwin, where, with
her husband, they will make their
home. The family will be greatly mis-
sing by their many friends in Oids, who
join in wishing them well in their
new home.—Gazette.

ENUMERATION OF OWNERS VAL- UES

The farm and urban values of the
Census of 1911 will be enumerated un-
der the date of 1st June. They will
include the real estate and live stock
values of each enumeration district
at that date, of the live stock and
nursery stock sold in 1910, of the
dairy products consumed at home,
sent to factories or sold, and the ani-
mals slaughtered on the farm in the
same year, together with values of
other products of the farm.

Land and buildings and farm im-
plements and machinery owned by
every person in the enumeration district
will be recorded separately for values
in 1911, and the rent of land and
buildings will also be recorded if leas-
ed in that year. Values will be tak-
en for orchard fruits, and small
fruits and vegetables separately for
1910; but values of horses, milch
cows, other horned or neat cattle,
sheep, swine, poultry and hives of
bees will be taken separately for
1911, at the date of the Census.

The values of live stock and nur-
sery stock sold in 1910 will include
horses, milch cows, other horned or
neat cattle, sheep, swine, poultry and
hives of bees, and of nursery stock
which means fruit and ornamental
trees grown for transplanting into
orchards, gardens and parks.

Dairy products consumed on the
farm, and sent to factories or sold,
refer to products of the year 1910.
They include the values of milk,
cream, home-made butter and home-
made cheese.

Animals slaughtered on the farm in
1910 will be recorded for the value of
horned or neat cattle, sheep, swine
and poultry. Horses are not included
in these values, as in our country
they may be not used for food.

The value of other products on the
farm include those of eggs, honey and
wax for 1910, and wool, maple sugar
and maple syrup for 1911.

The enumeration of hired labour on
the farm refers to the year 1910. It
will give the total number of weeks
of labour employed, which means the
number of all men who work for hire
on the farm, and the total amount
paid for hire, including allowance for
board. The payment should be re-
corded for the full time of service,
and should include the value of board.
The inquiry relating to earnings for
domestic service is asked for in Sched-
ule No. 1.

The addition to the foregoing in-
quiry of value, a question is asked
for the value of all lands and
buildings not manufacturing estab-
lishments or mines owned in Canada
in 1911, which are outside of the en-
umerator's district.

FOUND DEAD ON THE STREET

When Wm. Donham, a farmer went
to untie his team to start for home
on Monday afternoon about 4:15, he
was horrified to find a man lying un-
der his wagon dead, who it was after-
wards learned was John Dwyer, a la-
borer from one of the construction
camps. He at once reported the mat-
ter, and the mounted police were tel-
ephoned for. The coroner, Dr. Cra-
ham, was absent from town, and a
number of men carried the body which
showed no signs of violence, to the
fire shed on Main Street, where it
was left awaiting the arrival of the
coroner and the police. On Tuesday,
Constable Tucker arrived from La-
crosse, accompanied by Dr. Hyman,
and an inquest was held on Tuesday
afternoon. Doctors Graham and Hy-
man conducted a post mortem exami-
nation and found that the man had
been suffering from pneumonia, which
had become so far advanced that one
lung was completely gone.

From information gathered about
town it appears that Dwyer left work
last week and came to town, and had
been drinking heavily ever since. He
remained in his room the greater part
of the time, and complained of feeling
unwell, though he did not believe him-
self to be sick. About ten o'clock on
Monday he left the hotel, and was
not again seen until found as above
described. It is thought that his home
is at Pembroke, Ont., but telegrams
addressed to that place received no
reply, and by order of the police the
body was buried on Wednesday morn-
ing.—Alix Free Press.

15065; No. 73, 12655; No. 74, 11020.

FISH AND GAME PROTECTION

A new department, but one that
should receive the approval of all
sportsmen, marks the August issue
of Rod and Gun in Canada, published
by W. J. Taylor, Ltd., Woodstock,
Ont. The greater portion of the read-
ing matter is given up to the repre-
sentation in full of the Interim Report
of the Ontario Fish and Game Com-
mission. As a rule Government pub-
lications receive only scant attention
and have but a limited circulation.
In this instance, however, the report
through its appearance in the Maga-
zine, will be brought prominently be-
fore the attention of sportsmen, not
only throughout Canada but also in
the United States, and the many sug-
gestions and recommendations con-
tained therein can scarcely fail to
have some effect in a much wider
field than the province. The interest
taken in the protection of Fish and
Game is now general throughout North
America and this document will be
studied and quoted for a long time to
come. The statement of existing con-
ditions and the many recommenda-
tions for improvement will bear much
consideration from sportsmen. Thro-
ugh their organizations they should
let the government know their views
on these matters in order that legis-
lation may be based upon at least
some of them. The interesting expe-
rience gained in "Canoeing on Lake
Superior" is concluded and the story
told of Mr. Vance's Pet Fox, while
the capture of a big fish isolated.
For trapshooters the number is fac-
inating as it gives many interesting
accounts of many big meets and num-
erous smaller ones, showing the im-
portance attached to this branch of
sport throughout the Dominion.

USES OF SAWDUST

Sawdust is usually regarded as an
objectionable product because it in-
creases the danger of fire if deposited
near mills or lumber piles and nec-
essitates either cartage with accom-
panying expense or the construction of a
"burner" and the use of conveyors or
carts to transfer it from the saws.
A double economy, however, is now
in progress. As a result of the use of
band saws instead of the old circular
and gang saws, a log that, under the
old system produced eight boards, now
produces nine, a very substantial
increase in product with a correspond-
ing decrease in the amount of saw-
dust produced.

Owing to its chemical and mechan-
ical properties, it has a ever increas-
ing field of usefulness. Used as an
absorbent for nitro-glycerine, it pro-
duces dynamite. Used with clay and
burned, it produces a terra-cotta
brick full of small cavities that, owing
to its lightness and its properties
as a non-conductor, makes excellent
fire-proof material for partition walls.
Treating it with fused caustic alkali
produces oxalic acid. Treating it with
sugar so formed, produces alcohol. Mix-
ed with a suitable binder and com-
pressed, it can be used for making
mouldings and imitation carvings.
While, if mixed with Portland cement,
it produces a flooring material for
frangible articles and for dangerous ex-
plosive acid and fermenting the
alkalies and can be used as packing in
walls to make them sound proof and
cold-proof.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

ANY person who is the sole head of
a family, or any male over 18
years of age, may homestead a quar-
ter-section of available Dominion land
in Manitoba, Saskatchewan or Alber-
ta. The applicant must appear in
person at the Dominion Lands Agent
or Sub-Agent for the district. He
may by proxy may be made at any
agency, on certain conditions, by his
father, mother, son, daughter, brother
or sister of intending homesteader.
Duties.—Six months' residence upon
and cultivation of the land in each of
three years. A homesteader may live
within nine miles of his homestead on
farm of at least 80 acres solely
used and occupied by him or his
father, mother, son, daughter brother
or sister.

In certain districts a homesteader in
good standing may pre-empt a quarter
section alongside his homestead. Price
\$3.00 per acre. Duties.—Must reside
six months in each of six years from
date of homestead entry (including
the time required to earn homestead
patent) and cultivate fifty acres extra.
A homesteader who has exhausted
his homestead right and cannot ob-
tain a pre-emption may take a "pre-
empted homestead" in certain districts.
Price \$3.00 per acre. Duties.—Must
reside six months in each of three
years, cultivate fifty acres and erect
a house worth \$300.00.

Severe Pains In The Liver.
Had Several Doctors.
A COMPLETE CURE EFFECTED BY
A FEW VIALS OF
MILBURN'S LAXA-LIVER PILLS

Mr. F. H. Wood, Crystal, Ont., writes:
"For several years I was greatly troubled
with severe pains in the liver. I had
several doctors attend me but without
any success. At last I was advised to try
Milburn's Laxa-Liver Pills, and after
taking a few vials I was completely
cured. It is now almost six months
since I took them, and I have had no
return of my trouble since. I can now
easily recommend them to every person
who is troubled the same as I was."
Milburn's Laxa-Liver Pills are 25¢ per
vial or 5 vials for \$1.00, at all dealers or
will be mailed direct, on receipt of price
by "The T. J. Milburn Co., Limited, Toronto,
Ont.

WE REPAIR WEAK MEN

ONE SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our Medical Board, who examine the symptoms, complications and chronicity and then decide as to the disease and curability. Specific remedies are then prescribed for the case and are compounded by our own chemist in our own Laboratory. Such appropriate treatment cannot fail if it is given, as specific medicines are selected to cure the particular kind of trouble you have. We have no cure of weakness, but we can cure the symptoms and make the patient feel strong and healthy again. We have treated patients throughout Canada for over twenty years and our success has been our responsibility.

We Guarantee Cures or No Pay. We Treat all Diseases of Men and Women.

If Unable to Call, Write for a Question List for Home Treatment.

HAD LAME BACK

Was Almost Unable To Move.

Two Boxes of Doan's Kidney Pills Cured Her.

Mrs. M. B. Cairns, Upland, N.B., writes:
"I feel it my duty to drop you a few lines
to let you know how Doan's Kidney
Pills did for me. I had such a Lame
Back and I was almost unable to move,
and my kidneys were in an awful con-
dition."

"After taking two boxes of Doan's
Pills I was completely cured and feel as
well as I ever did."

Doan's Kidney Pills are a specific for
all Kidney Troubles. They begin by
expelling all the poisonous matter from
the kidneys, and then build the delicate
membranes and make their action regular
and natural.

Doan's Kidney Pills are entirely vegeta-
ble, and may be safely taken by young
and old.

Price per box, or 3 boxes for
\$1.75, at all dealers, or mailed direct on
receipt of price by The T. J. Milburn Co.,
Limited, Toronto, Ont.

When ordering direct, specify "Doan's."

News Notes

The C. P. R. has made the stock
men of Southern Alberta, who are
short on feed, the offer to transport
their stock to the north at the rate
of \$15 per car load.

Now is the very time to take pre-
cautions against typhoid fever. Boil
all milk and water before drinking
and declare war on the fly nuisance.
This is a battle which both house-
keepers and housekeepers should wage
unsuccessfully.

Red Deer, Alta., Aug. 10.—Sir Wilfrid
Laurier, assisted by Hon. George P.
Graham, minister of railways, this
afternoon drove the first spike in the
Alberta Central railway. The cere-
mony was witnessed by a large crowd
and at its conclusion short speeches
were made by both ministers.

We wish to remind many that the
editor is badly in need of a little
spare cash at the present time and
those over-loaded with gift can relieve
themselves of their burden by calling
at our office at an early date. Now
don't get sore, we are only testing you.

A Kansas newspaper man—a true
friend of Kansas young ladies—has
discovered how his and other young
ladies may keep their heads soft and
white. Here is his recipe: "Soak
your hands three times a day in dish-
water while your mother reads." Now
isn't that just like a man? The brute.

Spokane, Aug. 15.—At Wallace, Ida.,
hundreds of pounds of dynamite were
sent to the limbs of trees on the
high points surrounding the city and
were exploded in the hope that the ex-
cess moisture would rain to check the
levitation by forest fires. It is
said to have had the desired result,
for last midnight heavy rains began
falling for the first time in two months.

A lady who understands advertising
says: "No lady wishes to be looked
upon as a shopping sack; she does
not care to go into a store and have
a merchant show all his stock in or-
der to find out whether he keeps what
the wishes to purchase and whether
the article is sold at a price which
he can afford. It is much easier and
pleasanter to look through the adver-
tisements of a paper than it is to
hore the clerk and waste her own
time. Next to the local news items,
the advertisements in a paper attract
attention for sale with prices, will keep
such of the money at home that goes
to the mail order house."

Just at this time of year care should
be taken by those bringing in
eggs to sell to see that they are not
two long before marketing. The
tendency seems to be to keep them a
couple of weeks before bringing to
town, when while they may not rot
bad, they are to say the least, stale
and not fit to ship. Conditions are
worse now when the atmosphere is
both hot and moist and the weather
unsettled. Eggs require an even tem-
perature to keep properly, and the
safest plan is to get them to your
dealer as quickly as possible thereby
placing the responsibility of keeping
them fresh on his shoulders.

For the purpose of assisting rail-
way companies throughout the West
in procuring sufficient labor for rail-
way construction, the Dominion De-
partment of the Interior has issued
an order through all Dominion land
agencies, which will permit home-
steaders and pre-emption entrants to
go on railway construction until the
first of April, 1911, without losing
their rights on their land.

A carload of grain, fruits, vegeta-
bles and other products of the Weta-
skiwin district, shipped through the
enterprise of the Wetaskiwin Board
of Trade for exhibition at the Let-
tingdale Fair, passed through Macleod
Monday. The Board explains that the
exhibit is not made in any spirit of
braggadocio, because of the injury
to the Southern Alberta crops by
drought but because they want to ad-
vertise their district. The shipping
was a fine one and attracted much
attention. —Macleod Advertiser, Mon. Ont.

CAMROSE
(From The Canadian)

The signs of old time activity on
the G.T.P. grade south of Camrose
are seen today with the large track
laying machine again in operation.

Dr. A. T. Bond, formerly of Max-
well, Ont., arrived this week to prac-
tise his profession in Camrose. He
has taken his offices over the Traders
Bank.

Over 200 people from Camrose and
surrounding district proceeded to
Miquelon Lake on Wednesday to at-
tend the picnic held under the aus-
pices of the local lodge of the Modern
Woodmen of America.

The school Board has announced
that in view of the large class that
has so successfully passed from stan-
dard V and standard VI, the school
will undertake to retain these pupils
by teaching standard VII work this
year.

Dr. G. G. Stewart, who has gone on
a holiday trip to Banff and will later
leave for the Ottawa Valley, has se-
cured Dr. Smith, of Elbert, to look
after his practice during his absence.
Mrs. Stewart, who has been east for
the past few weeks, will accompany
Dr. Stewart on his return.

The C. P. R. train to Wetaskiwin
on Wednesday morning was well filled
with people from Camrose and point-
east who dropped their haying and
other business to spend a day with
Laurier.

Miss Lamb, Lady superintendent of
the Hospital, left on Wednesday on a
hospital trip to the coast. She will
also visit the Paken district north
of Saskatchewan river, before return-
ing to Camrose.

That tenders have been called for
the construction on the C.N.R. has
been announced to Strathcona, but
that the tenders were thought to be
altogether too high, was the informa-
tion given to Geo. P. Smith, M.P.E.,
in Winnipeg last week. Mr. Smith
inquired of M. H. McLeod, general
manager of the C.N.R. as to why it
beginning on this line had not been
made and met with the above respon-
se.

BAWLF
(From The Sun)

Mrs. Martin Molstad is visiting
friends in Wetaskiwin this week.

It is reported that Fred Foster, the
barber who was at Daysland some
time last spring and his family are
at Daysland, are dead.

Nels Nelson, who took charge of
the New-Sing Lumber Yard at
Bawlf on March 1st, and who was last
seen on July 4th, died at the
Bawlf Public Hospital on August 10,
1910, aged 28 years, 2 months and 1
day.

While drilling a 2-inch well on the
farm of P. Kringer who lives north-
east of Bawlf, a flow of natural gas
was struck at a depth of 440 feet. The
force of the gas was so strong that
water and dirt were thrown out of
the casing and into the air. A dis-
tance of 30 feet, and the workmen in
charge of the machine were seriously
hampered in drilling and have given
up their intentions of drilling further.
For water.

People who visit the scene are im-
pressed with the force with which the
gas issues from the casing and it is
impossible with crude appliances to
check or control the gas.

WHEEZER OR SNEEZER

If you wheeze or sneeze, hawk or
spit, snuffle or blow, something is the
matter with the membrane of your re-
spiratory tract, and you need Hyomei.

And you need Hyomei because it
will cure you of any catarrh or in-
flammatory condition that exists.
It isn't a stomachic, medicine, or
syrup, or douche, but a very pleasant
healing, antiseptic balsam, from the
eucalyptus forests of Australia. You
breathe this balsamic air through a
small, hard rubber inhaler, and it
reaches every nook and corner and
cures the catarrh, quickly.

The Red Cross Drug Store will sell
you a complete Hyomei (pronounced
High-o-mei) outfit for \$1.00, on the
money-back plan.

"I have been a victim of catarrh
for many months, the glands around
my eyes and nose being sore and
swollen. My head felt dull and stif-
f. Pains in the front and back of
my head, also across my eyes, were
frequent and I had trouble in breath-
ing, especially at night when trying
to rest. I had doctored but got no
relief until after using Hyomei. This
relieved me in the first twenty-four
hours and in less than two weeks I
was practically cured. I cannot give
credit to my district. The shipping
was too much praise to Hyomei." Mrs.
M. Phillips, 153 McNab St., Hamil-
ton, Ont.

Frost & Wood

No. 3 Binder

Does Better Work

Because of the Eccentric Sprocket Wheel the No. 3 Binder makes a neater, more tightly compressed bundle and saves considerable time. Discharges the bundle faster, too, than the ordinary binder. Remember, no other binder has the Eccentric Sprocket Wheel. Neither is any other binder so light in draft. At all points where there is a possibility of friction occurring the makers of No. 3 Binder have provided Large Roller Bearings. That's why the Frost & Wood No. 3 runs so smoothly and easily—one reason why it gives so many more years of service. Another reason for its great durability is the strong, heavy construction of its back bone, which we would like to explain to you fully. Drop in at your nearest convenience and talk things over with us. We are confident that the Frost & Wood No. 3 is the binder for you. Give us a chance to prove it.

AGENTS FOR

C. P. R. LANDS

An excellent opportunity is opened to the farmers to buy C. P. R. Lands while the price is yet very low. There is every indication that the price of land, which has been low in Central Alberta, will within a short time be advanced considerably. Now is the time to obtain these lands in payments running over ten years at 6% interest. See us for prices. We have a fine assorted list of choice improved and raw lands for sale which will make the investor money. Farmers contemplating selling will do well to list their lands with us.

Fire, Life & Accident Insurance

Bradley, Smith & Martin

Duhamel Lumber Yard

All kinds of building material, lime, shingles, lathe, lumber, building paper, wood fiber, plaster cement, building hardware etc. Plans and specifications given free of charge, also the estimated cost of any building.

C. O. Quist Owner & Manager

THE BOY SCOUTS IN ALBERTA

According to the Albertan this movement has already made considerable progress, but through lack of organization and general lack of knowledge of its objects, it is confined principally to the larger centres of population. The great interest that is being taken in it by His Excellency Earl Grey and other prominent men in the Dominion, and especially the visit of Sir H. Baden Powell to the west, will tend to make the movement more popular by letting the masses of the people know what is really meant by "The Boy Scouts." It is not a military organization though it helps to give boys a military training. It is intended to develop character in boys, to make them more manly, to teach them to go out of their way to help others, and in a word, to discover and develop the future man in the boy.

It was at Mafeking that lonely outpost of the empire of South Africa, amidst the shot and shell of the terrible siege that the movement had its birth. Many of the defenders were killed, many were wounded, the hospitals were crowded, and every well man's value was more than trebled. In this extremity Lord Edward Cecil, son of the great Lord Salisbury, collected the boys of Mafeking, talked to them, drilled them and put them into uniform. They became messengers carrying dispatches from fort to fort, they kept a lookout, they acted as orderlies, and so relieved from their duties the men, who were so badly needed on the firing line. These were the first boy scouts, and the spirit which actuated them is the spirit which actuates hundreds and thousands of boy scouts throughout the British Empire.

About three years ago Sir H. Baden Powell collected some English boys in Surrey, talked to them just as the Mafeking boys were talked to and drilled them a little. This was the origin of the boy scout movement in England. The idea was to lead boys by the attractive practices called scouting to teach themselves character. The boys of England caught the idea with enthusiasm. All over the country they began to form themselves into patrols and troops of scouts. Before a year was out they had ceased to be boys and had become "Boy Scouts." In another year there were more than two hundred thousand boy scouts in Britain and now they are everywhere in the island. Like a wave of enthusiasm the idea has spread over all the world. They are found in India, Singapore and Ceylon; in Australia, the Governor-General is the chief scout.

The scout's law is a simple creed of honor and chivalry as follows:
A scout's honor is to be trusted.
A scout is loyal.
A scout's duty is to be useful and to help others.
A scout is a friend to all and a foe to every scoundrel no matter to what social class the other may belong.
A scout is courteous.
A scout is a friend to animals.
A scout obeys orders.
A scout smiles and whistles under all circumstances.
A scout is thrifty; he opens a saving bank account.
The promise exacted from a boy on joining the scouts is: "On my duty to God and the King; to help other people at all times and to obey scout law."

R. T. Telford, M.P.P., Leduc, has brought action against the Calgary Herald for \$10,000 for a statement made in that paper during the A. & G. W. controversy.

Holden, Aug. 12.—An unfortunate accident occurred here to Stewart the seven-year-old son of David Robinson, who lives three miles southeast of Bruce. The boy, it appears was running along beside a mower, which his brother Harold, 15 years of age, was operating, when by some means his feet caught in the cut bar and both were cut off at the ankles.

Lost Five Children With

DIARRHOEA

Saved the Sixth One With

DR. FOWLER'S

Extract of Wild Strawberry.

Mrs. John Firth, Craighurst, Ont., writes:—"I have had six children and lost them all but one. When young they would get Diarrhoea and nothing would stop it."

As I lived in a backward place, I did not know of Dr. Fowler's Extract of Wild Strawberry.

I saved my last child, who is now eight years old, but I owe it to Dr. Fowler's Extract of Wild Strawberry. Had I known about it before I feel that I would have saved the others. I shall forever praise and bless it and will never be without it again."

"Dr. Fowler's" has been on the market for over sixty years, and has a "world wide" reputation for curing all Bowel Complaints.

Do not be imposed upon by any unscrupulous dealer who wishes to substitute the so-called Strawberry Compounds for "Dr. Fowler's" Price 35 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TEMPERANCE COLUMN

W. C. T. U.

"Let It Alone and It Will Let You Alone"

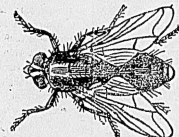

With an air of profound wisdom, and as if it uttered an expressed complete faculty, we here may declare "Let it, whisky alone and it will let you alone." But which way can we turn without being confronted by ocular demonstrations of the falsehood of the statement? On a railway in Texas not long ago the passengers in one of the coaches of a train, delayed by some obstruction perhaps, heard the following, which one of them reported:

An "anti" who was discussing the question of prohibition with a "pro" said: "If you let whisky alone it will let you alone." The majority of the people in the car had been quietly listening without taking part in the argument, but when the "anti" uttered the above quoted words an elderly gentleman said: "My! interrupt you for a moment, sir?" "Certainly," said the "anti."

"Now," said the old gentleman, "I do not use intoxicants in any manner nor go inside of saloons, but whisky does not let me alone. I am now on my way to visit my daughter and her children, who are in sore distress because her husband, who was a few years ago a prosperous man, has recently become crazed and dangerous from drink. He has tried to murder one of his neighbors and has assaulted his wife and children while drunk, but when sober he is a good husband father and neighbor. His family recently rent him to an infirmity asylum at a cost of over \$400, but it has not cured him; in fact, he is now more violent and dangerous, and his reformation more hopeless than ever. His wife and children have never used intoxicants, and are honored members of the Methodist Church, but whisky has not let them alone, for it has brought them untold misery and sufferings."—Presbyterian Banner.

Lacombe is to have a new theatre, costing \$10,000, and having a seating capacity of 500.

Calgary, Aug. 13.—Hon. Duncan Marshall, provincial minister of agriculture, confidently expects that Alberta crops will yield 25,000,000 bushels this year as against 32,000,000 bushels last year. The minister, who has made careful and exhaustive inquiries in every part of the province where crops are produced, in giving his computation yesterday said the estimate was a conservative one.

American and Canadian Scientists tell us the common house fly is the cause of more disease and death than any other agency.

CANADA HAS NO EQUAL HE SAYS

E. F. Hill, of Morgan Park, Ill., writes as follows to the Chicago Tribune:

Your readers may be interested in an unbiased report concerning Western Canada from one who has been there five times the last three years among the farmers as an Evangelist. The facts are 300,000 have gone and thousands are still going. Why? One visit there will answer the question. Soil unsurpassed, yielding wheat 20 to 60, oats 40 to 150, barley 30 to 40, flax 10 to 20, potatoes 300 to 500 bushels per acre, freedom from rust and insect enemies to grain.

This land still offered at \$11 to \$20 per acre, one-quarter cash, balance in five annual payments. Two crops of grain pay all cost. For 30 years I've travelled the Western States, but for good, large and quick returns, enterprise, contentment and general prosperity there is no country which surpasses western Canada. One man said to me: "I put 500 acres into wheat last year on borrowed capital and I made some money. It cost 30 bushels per acre. I sold at Fort William for \$1.02 per bushel." Another said: "I've been here 11 years and have never had a crop failure; some yields have gone 50 bushels wheat." Another "Out of ten crops I had seven that went 30 bushels wheat." Mr. Head of Russell, Manitoba, received 36,000 bushels of oats from 500 acres. Another party from 1,300 acres received 95,000 bushels of oats. There is some poor land on which a few have failed, which is true, of any country, and others may and will fail for want of energy. As to the waters there are cold at times, but we prefer it to the slush and chill of Illinois.

BARNES' WILD ANIMAL CIRCUS

A gigantic, unparalleled congregation of the varieties of animated nature is what is claimed for the A. G. Barnes Wild Animal Circus that exhibits here, Monday, August 29th.

Students will find occasion for hours of profitable study, when they visit this big tested amusement enterprise; over two hundred wild animals take part in this programme.

One of the most remarkable demonstrations of the trainer's art, is presented by Mille Barnes and her mixed troupe of performing animals, including Nero, the talker, a 12-ft African lion, riding on the back of a running horse, in perfect harmony. Mille Barnes also introduces four beautiful Arabians stallion ponies, a lion, bear, dog and monkey, performing in the same arena at one time. This performance is entirely contrary to nature and is the limit of the trainer's art of animal subjugation. Don't forget the date, Monday, August 29th.

ANSWER HIM BACK

Mary was a buxom country lass, and her father was an upright deacon in a Connecticut village. Mary's plan of joining the boys and girls in a sailing party was frustrated by the unexpected arrival of a number of the "brethren," on their way to conference, and Mary had to stay at home and get dinner for her father's clerical guests. Her already ruffled temper was increased by the reverend visitors themselves, who sat about the stove and in the way. One of the good ministers noticed a virginal impudence, and desiring to rebuke the defiant manifestation, said sternly: "Mary, what do you think your occupation will be in hell?" "Pretty much the same as it is on earth," "looking for ministers."

THE SUPREME COURT OF ALBERTA

Sittings of the Supreme Court of Alberta, on June and for the trial of cases, Civil and Criminal, and for the hearing of motions and other civil business, will be held at the following times and places. When the date set for the opening of a Court or Sitting is a holiday, such Court or Sitting shall be commenced on the day following such holiday.

EDMONTON—Third Tuesday in September and March.

CALGARY—First Tuesday in December and June.

For Trial of Civil-non-jury causes. EDMONTON and CALGARY—First Tuesday each in October, November, February, March, April and May.

For Trial of Criminal and Civil Jury Causes.

EDMONTON and Calgary—Third Tuesday in October, February and May.

For Trial of all Civil and Criminal Causes.

WETASKIWIN—First Tuesday in October and Second.

RED DEER—Second Tuesday in November and May.

MEDICINE HAT—Second Tuesday in October and April.

Dated at Edmonton, Alberta, this second day of August, 1913.

A. V. BLAIN, 23-3a Acting Deputy Attorney General

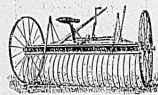

NO FIGHT PICTURES ALLOWED IN WEST

Edmonton, Aug. 11.—That the John-Jedries fight pictures will be barred in Alberta is now a certainty. Yesterday Superintendent Outburt of the R.N.W.M.P. received instructions from the Commissioner of Police at Regina, to the effect that he was to notify the moving picture theatres that they would be prosecuted if they showed the films, and this was accordingly done yesterday.

This action of the mounted police which is taking place all over the west is being taken as somewhat of a test of the criminal code, in this respect, which provides against exhibition of indecent character, and as the pictures in question are reported to be much inferior to those of the Wolgan-Nelson fight which were shown in Edmonton, it is a question as to whether anything in them could be found to justify the step which the police are taking.

Frost & Wood No. 8 Mower

Cut your crop of grass with the Frost & Wood No. 8 Mower this season. Because it is built on the Internal Gear principle, No. 8 will do the work faster and more satisfactorily than an ordinary mower.

TIGER RAKE

Use the Tiger Rake for raking your hay. The teeth are curved exactly right to pick up everything the mower cuts. You can dump it by foot or hand. Tiger is durable as well as sure working, being all steel except tooth roll and shafts. Be sure and see these Frost & Wood Haying machines. Call on us right away.

OUR SHOWING OF CAKES

includes layer, jelly, plain, fruit and fancy cakes of all kinds. All each is baked in our own THE ART OF BAKING

The daily way to know how good this cake is, is to try them. Do so to-day and see how foolish you would be to do your own baking during the summer anyway.

Troubled with Heart

NERVES WERE ALL UNSTRUNG

My dear friends, I am truly glad that Mr. Allen's Heart and Nerve Pills have been a great friend to me. A few years ago I was very much troubled with my nerves and my heart, and I had terrible pains all through my body. I was weak and had frequent and severe dizzy spells, and was continually feeling very nervous. I had Mr. Allen's Heart and Nerve Pills recommended to me and after having taken a box they appeared to help me so much I continued to take them, and was soon able to do my work again. For the last year I have been well and happy and I am now able to do my work as usual. I am truly glad that Mr. Allen's Heart and Nerve Pills are the original heart and nerve cure and are sold at all dealers for the per box, or 3 boxes for \$1.25, or will be mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

DUSTBANE

is a green colored powder, packed in tin cans ready for use. In sweeping a carpet take one or two handfuls, according to the dust. Sprinkle where you are to begin (not all over the carpet) then sweep as you always do. The powder is swept ahead of the broom, and falling on the carpet absorbs the dust, leaving the carpet clean and bright. The dust is not thrown into the air to settle back on the carpet and furniture. Dustbane should be used in sweeping carpets, rugs, straw matting and bare floors. It costs nothing to try.

Special

For this week only. We are authorized by the manufacturers of Dustbane to send you a can of their sweeping compound. They want you to use this on trial for one week. At the end of this period if it not found satisfactory we will take it back, and there will be no charge for quantity used. If it does away with dust on sweeping day you want it. Dusty Friday no more. A handful of Dustbane makes sweeping a pleasure.

WEDDING PRESENTS

Selected at Williamson's please the bride. They have distinction, are appropriate, seldom duplicated, and they exhibit fine taste.

Knives and Forks special at \$6.00 per dozen

A few weeks ago we stated that the Alberta Construction Co. had the contract for the erection of the buildings on the C.P.R. "ready-made" farms south of town. We now understand that the C.P.R. let the contract for fifty houses and fifty barns to the Battle River Lumber Co., who sublet a part of the contract to the Alberta Construction Co.—Sedgewick Station.

COLONIZATION PROMOTERS LO CATH IN WETASKIWIN

Messrs. W. Chamberlain, G. B. Bie, A. O. Newman, Van Norton, and B. F. Glazier, who have been conducting one of the largest colonization movements in the Western States for several years, and who have been looking over this section of the country for the last ten days, have decided to locate their headquarters in Wetaskiwin, and will at once proceed with their plans to induce thousands of settlers from the eastern States to locate in Northern Alberta.

The boundaries of their present field of operation will be the Red Deer on the south, Edmonton on the north, a few miles to the west of this city, and the east line to Sedgewick, and the Lacombe branch to Castor.

This company has purchased the plant of the Wetaskiwin Post, and are now making arrangements for the publication of The Northern Alberta, which will be a 32 page weekly. The particular purpose of this publication is to give the general news of the territory above referred to, and to boost the country generally.

Mr. Chamberlain estimates that he will be equipped to handle five thousand homesteaders per month. A feature worthy of note in connection with this scheme is that he will be in touch, through the powerful farmers' organization known as the "Orange Association," with practically all the farmers of comparative wealth, or about 800,000, in the Atlantic States. Each will be able to bring with him from \$3,000 to \$5,000 to invest, and Canada will thus receive, in the expected large influx of settlers, an army of young American farmers of the highest skill and of comparative opulence.

Geo. D. Wallace who went to Toronto a couple of weeks ago on business in connection with the Hercules Rotary Engine Company, Limited, returned home on Tuesday evening. His reports that times are good in Ontario, as the crops are very good, and the people appear to have considerable money.

Congratulations are being extended to two of Wetaskiwin's students in the success that they attained in passing the matriculation examinations a few weeks ago. Reginald Wilkins passed the full exam. In this year's work, and S. T. Jackson, passed his final in French, and his first year in English literature, Trigonometry and German authors.

Transient Ads.

TO RENT—NICE COMFORTABLE room. Will serve breakfast if desired. Apply to Mrs. Geo. H. Baylis, "Pence street west."

Severe Pains In The Liver.

Had Several Doctors.

A COMPLETE CURE EFFECTED BY A FEW VIALS OF

MILBURN'S LAXA-LIVER PILLS

Mr. F. H. Wood, Crystal, Ont., writes: "For several years I was greatly troubled with severe pains in the liver. I had several doctors attend me but without success. At last I was advised to try Milburn's Laxa-Liver Pills, and after taking a few vials I was completely cured. It is, now, about six months since I took them, and I have had no return of my trouble since. I can honestly recommend them to every person who is troubled the same as I was."

Milburn's Laxa-Liver Pills are 25c per vial or 5 vials for \$1.00, at all dealers or will be mailed direct, on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
